Flight Testing Activities Castle Kennedy Aerodrome

The Castle Kennedy Aerodrome Runway may be closed for kite flying activities as per the AIP Section ENR 5.5 – Aerial, Sporting and Recreational activities.

Castle Kennedy Aerodrome is **PPR in advance only** by contacting Stair Estates.

KPS may be on the runway operating a large kite system:

- up to an altitude of **200m agl**
- with a **10metre wingspan**
- mass of **30kg**
- air speed of **50m/s** (100 knots)
- connected by a tether of **6500kg** break load to a winch on the runway

There will be other vehicles placed on and around the runway during this time. This will not be covered by the West Freugh Danger Area 402A.

Please stay clear of the aerodrome during active hours stated below.

Planned activity for week beginning Monday 3rd September 2018:

Mon: No Planned Activities
Tue: No Planned Activities
Wed: No Planned Activities
Thur: No Planned Activities
Fri: No Planned Activities
